

INVITATION

Winds of Change – Wind Propulsion’s Role in Decarbonizing Shipping

Friday 18 October, 1300-1630
Port of Montreal

Join us for a conversation about the growing trend of wind propulsion in commercial shipping and pathways to decarbonize this global industry. Wind propulsion technology solutions are forecast to be installed on over 10,000 vessels by 2030, come and find out more.

The line-up will feature talks by:

Gavin Allwright, Secretary General of the award-winning International Windship Association [IWSA] www.wind-ship.org. The world’s leading expert on the wind propulsion market development will present the current opportunities, latest developments in the sector and discuss the barriers and hurdles to still be overcome.

The Tig Rig Retrofit Sail System

Alistair Johnson, CEO of Davisedo Design <https://dasivedo.com> Vancouver based company developing the ‘Tig Rig’ retrofit sail system is a way of retrofitting square rigged sails mounted on self-contained base units to the hulls of existing flat decked merchant ships.

NEOLINE www.neoline.eu St Nazaire based company with its first shipping route plans to connect St-Nazaire to the East Coast of the US from 2021, calling at St-Pierre & Miquelon on the return voyage with two newbuild 150m RORO vessels offering a fortnightly service. Cargo partners include Renault & Beneteau.

James Rhodes, CEO, Magnuss www.magnuss.com. Magnuss is a maritime technology firm that provides modern wind-based propulsion for global shipping. The Magnuss VOSS or Vertically-variable Ocean Sail System is a proven, best in class fuel saving technology, driving the de-carbonization of the shipping industry.

FREE TO ATTEND

There will be plenty of time for debate and discussion on these issues, along with light refreshments. This event is free to attend but there are limited spaces available – please contact Gavin Allwright secretary@wind-ship.org to reserve your spot. For admission, we will need your name, organization/position and contact cell phone. [Please note there will be no ‘on the day’ registration]

Date: Friday 18th October

Time: 1300-1630

Location: Port of Montreal 2100, Pierre-Dupuy Avenue, Wing 1, Montreal (DJT room)

Event supported by:

IWSA Members: [Anemoui Marine Technologies](#), [Dasivedo Design](#), [eConowind](#), [Finocean](#), [Inerjy](#), [MARIN](#), [NEOLINE](#), [Norsepower](#), [Peaceboat – Ecoship](#), [Sail Cargo Inc.](#), [Smart Green Shipping Alliance](#), [Wind + Wing Technologies](#)
